Grand Rapids, Mich., August 2016 — Lee Strobel, former legal editor of the *Chicago Tribune*, recounted his spiritual journal from atheism to faith in a *New York Times* bestseller which has become a Christian classic: ***The Case for Christ: A Journalist's Personal Investigation of the Evidence for Jesus*** (Zondervan). A revised and updated paperback edition releases September 6.

As an atheist and investigative journalist, Strobel set out more than twenty years ago to find credible evidence that Jesus of Nazareth really was the Son of God. What he found not only profoundly changed his life but also inspired him to pen this perennial bestseller which has sold more than five millions copies to date. ***The Case for Christ*** became a *New York Times* bestseller upon release in 1998 and has continued to impact readers around the globe for almost two decades. Strobel's series of "The Case For" books have collectively sold more than ten million copies.

The updated edition of ***The Case for Christ*** includes scores of revisions and additions, including updated material on archaeological and manuscript discoveries as well as fresh recommendations for further study. It also features an exclusive interview with the author which recounts dramatic stories about the book's impact, shares behind-the-scenes information and responds to critiques of the book leveled by skeptics.

The author is available for press interviews during September 2016.
